Phœnix Fire Assurance COMPANY.

LOMBARD STREET and CHARING CROSS,
LONDON.
Established 1782.
For Insuring every kind of Property in all parts of the World from Loss or Damage by Fire.

THE PROMPTITUDE AND LIBERALITY WITH WHICH its engagements are always met by this Company are well known, and the importance of its relations with the public may be estimated from the fact that since its establishment, it has paid more than Nine Millions Sterling in discharge of claims for Losses by Fire.
The security offered to the public by the Phœnix Office is unlimited, comprising in addition to the large invested capital of the Company the whole fortunes of numerous proprietors, composed of some of the most opulent merchants and others in the United Kingdom. Annual and short time insurances are effected upon all kinds of property in Vancouver Island and British Columbia on the most favorable terms.
Prompt cash payment and full power to settle all losses and claims without referring to the Head Office in London.
Rates and Particulars of Insurance may be had on application to

COUGHS, ASTHMA, AND INCIPIENT CONSUMPTION ARE EFFECTUALLY CURED BY
KEATING'S COUGH LOZENGES.
STATISTICS SHOW THAT 50,000 PERSONS annually fall victims to Pulmonary Disorders, including Consumption, Diseases of the Chest, and the Respiratory Organs. Prevention is at all times better than cure; be, therefore, prepared, during the wet and winter season, with a supply of KEATING'S COUGH LOZENGES, which possess the virtue of exerting as well as of curing a Cough or Cold; they are good alike for the young as for the aged.
Prepared and sold in Boxes and Tins of various sizes by THOMAS KEATING, Chemist, &c., 79, St. Paul's Churchyard, London. Retailed by all Druggists and Patent Medicine Vendors in the world. jay15 20t law

JUDSON'S
Simple Dyes for People
REGISTERED
are undoubtedly the most useful article ever offered to the public.
Anyone can Use them.
Anything can be dyed with them in a few minutes without soiling the hands. In England "Judson's Dyes" are as "Household Words." Articles of clothing that have been put aside as faded and useless, may be made nearly equal to new, by merely following the simple directions appended to each bottle of Dye.
NAMES OF COLORS.

Magenta	Mauve	Violet	Scarlet	Green	Blue
Pink	Crimson	Brown	Canary	Orange	Lilac

PRICE SIXPENCE PER BOTTLE.
May be had of Druggists and Storekeepers throughout the world; or wholesale of
DANIEL JUDSON & SON,
19a Coleman street, London.
N.B.—A small bottle of color will dye 12 yards of bonnet ribbon.
SEE THAT YOU GET JUDSON'S SIMPLE DYES the wonderful popularity of which has caused numerous inferior imitations, which are calculated to injure both buyers and sellers.
for our Catalogue of instructions how to use the color for twenty different purposes.

THE BRITISH COLONIST.

Thursday Morning, Feb. 11, 1869.

TO ADVERTISERS.

Transient Advertisements must be paid for in advance to insure insertion.

TO AGENTS.

Settlements of accounts will be required monthly, or the supply of papers will be discontinued. The daily and weekly issues will be furnished at the lowest cash rates and no exception will in future be made to this rule.

WE presume that the honorable gentlemen who day after day meet across James Bay to deliberate upon and pass measures affecting the weal of the Colony, are aware of the rates of postage we as a people are forced to pay upon all letters or papers sent out of the Colony. And yet we are half-inclined to believe that few if any of their number, nothwithstanding all are equal sufferers with the rest of the Colonists, have bestowed a moment's thought upon the subject this session with a view to devising a scheme to secure this Colony similar privileges, or at least as low rates as other Colonies enjoy. If any honorable gentleman has bestowed a thought upon the subject he has not given the Council the benefit of it. We begin to fear lest the session should close without any action on a subject so important being had. Perhaps a gentle reminder to-day from the "fourth estate" may not come amiss, and may induce the inquiry by some honorable gentleman as to how it happens that for every letter weighing not over half-an-ounce sent hence to any part of the United States or Canada, the public is required to pay 10 cents in addition to our own Colonial postage of 5 cents? Why, for a letter sent hence to any part of Puget Sound the same rate is exacted? Why the rate to England is twenty-five cents per half-ounce? to Australia, 40 cents? These would be pertinent queries to put to the Government, and we shall proceed to show why. In the first place, a letter posted just across the Straits at Port Townsend for any part of the United States only requires a U S three-cent stamp to insure its delivery in any part of the Republic without further charge. If its destination be Canada, a six-cent stamp pays it through; if Australia, 22 cents; if England, 12 cents. But if the destination be British Columbia, 15 cents is the rate. The same rates prevail throughout the United States for every half-ounce mailed. If we cross the border to Canada, the prepayment of three cents mails a letter from one end to the other of the Dominion; six cents to any part of the United States; and twelve cents insure its delivery anywhere in the United Kingdom. But this is not all. This Colony and the Imperial authorities pay $750 per month as a subsidy to a line of steamships for carrying the mails between Victoria and San Francisco; and the Post office at San Francisco exacts a rate on each letter sent thither by mail, the same as it would if it were the American and not a foreign Government that furnished the subsidy. The Colony is taxed twice for the same delivery. As Squeers would say; "Here's richness for you!" We cannot see—it may be natural obtuseness that prevents us—why this Colony should pay from 50 to 100 per cent. more in postage rates than any other British Colony; neither can we discover why our people should be called on to pay fifteen cents for a letter transmitted to the nearest post-office in the neighboring territory, a distance of about fifty miles, when a letter may be despatched for three cents from that post-office to any part of the country under American rule. Will some honorable gentleman put the question to the leader of the Government in the Council.

Municipal Council.

Tuesday, Feb 9, 1867.

Council met at 7½ o'clock, his Worship, the Mayor, in the Chair, and Councillors Allatt, Gibbs, Russell, Gerow, McKay, Allsop, present.

Communication from H F Heisterman for permission to remove a cottage from Trounce Alley; granted.

Communication from Kinsman & Styles for leave to use a portion of Fort street during the construction of a showroom for Turner & Co.; granted.

Account from H F Feisterman, $15, for rent, referred to Finance Committee.

Account of $27 from Fellows, Roscoe & Co, for tools and powder; referred to Finance Committee.

The sum of $40 was orderd to be paid D W Higgins, and $4 to Harrison & Co.

Petition from property holders on Cormorant street, offering to pay $100 towards the expense of grading and gravelling that portion of said street extending from Douglas to Wharf street. Referred to Street Committee, for tenders.

The Street Committee were empowered to have that portion of Fisgard and Blanchard streets, now in course of grading, gravelled 20 feet wide and 6 deep.

Petition from property holders on Pandora street, praying to have that street graded and gravelled from Government to Cook street, and subscribing $250 towards the object. Referred to Street Committee for tenders.

It was resolved that unless the planking of Waddington alley be repaired forthwith, the Council would have the same closed.

Adjourned till Tuesday next at 7 o'clock.

Report of Select Committee on Drawbacks Ordinance.

Your Select Committee beg to report that they have carefully considered the provisions of the "Drawbacks Ordinance."

The measure advocates three principles, 1st—The extension of the privileges of our Export Laws to all Vessels of Ten Tons and upwards; 2nd—The adoption of a system of Drawbacks in the nature of a Return of Customs Duties to Exporters of Goods who have paid the usual Import Dues thereon; and lastly—The abandonment of the present system of Certificates.

Your Committee are of opinion, and the weight of evidence tends to shew, that a great improvement in trade would follow the removal of the restrictions at present imposed upon it.

By the 117th Section of the Customs Act of 1853, vessels under 50 tons burden are precluded from engaging in our Export Trade, though its proportions have, since the Union of the Colonies, been seriously contracted.

To meet the wants of the Mercantile community, your Committee would strongly recommend the extension of the provisions of the above Statute to Vessels of Ten Tons burden and upwards.

Before passing to the consideration of the second part of the proposed Ordinance, your Committee beg to draw the attention of this Council to what may be termed the Certificate system.

At present the Customs authorities require our Export Merchants to produce a Certificate, signed by a Foreign Collector of Customs, that the goods sold and shipped hence have been landed at the port of their destination. This requirement should be dispensed with, as the evidence taken on the subject shows that it tends to hamper trade to a serious extent.

With reference to the second principle of the Ordinance, your Committee believe that the proposed system of Drawbacks will, if adopted, materially revive and increase our Foreign Export business, by enabling our Merchants to sell to the Foreign consumer at prices which will give them manifest advantages over other competitors.

The provisions of the Ordinance should, in the opinion of your Committee, be extended to all classes of merchandize, except wines, spirits, and liquors.

Your Committee are further of opinion that the system or scheme of requiring sureties, as proposed in the Ordinance, is impracticable, and contrary to sound business principles. In other matters of detail the Ordinance requires amendments and alterations, which your Committee are prepared to submit for the consideration of this Council.

GEO. A. WALKEM,
Chairman.

Legislative Council Chambers,
8th February, 1869.

Report of Select Committee as to Ships' Stores, &c.

Your Select Committee appointed by Resolution of this Council to enquire into the several matters therein contained, including the question of supplying Ships' Stores, &c, duty free, beg to report:—

That the evidence given upon the latter subject is to the following effect:—

That previous to the extension of the Customs Laws of the Mainland to Vancouver Island, a very extensive business in supplying ships with stores, &c, was carried on, but since that period it has declined to such an extent as to be now comparatively insignificant. Many of the vessels which formerly bought their supplies and stores here, do so no longer, though still frequenting our Ports.

That vessels bound on a voyage estimated to occupy a period of forty days are allowed to purchase their stores &c, out of Bond, Duty Free; but if the voyage be of shorter duration, this privilege is denied them, though their destination be a Foreign Port.

That there are many large vessels sailing from this Colony to Foreign parts, upon voyages occupying less than forty days, and such vessels would without doubt, purchase their Stores here if the restrictions mentioned were removed

That no vessel of less than fifty tons burden should be entitled to purchase Stores Duty Free, &c.

Your Committee are therefore of opinion that trade would be largely increased in the Colony, and no injury would eventually accrue to the Revenue of Customs, if Foreign bound vessels of fifty tons and upwards were permitted to purchase their Supplies, &c. Duty Free, however short the duration of their voyage might be.

GEO. A. WALKEM.
Chairman.

Legislative Council Chambers,
February 8th, 1869.

Report of Select Committee on Pilotage, &c.

Your Select Committee, conformably to the Resolution of this Council, beg to report as follows:

They would recommend that the present Pilotage System be abandoned, and that Pilots should in future be Salaried Officers of the Government,

That the Pilotage Fees should be merely nominal, and be collected by the Government;

That the Pilots should be under the control of the Customs Department;

That each Pilot be made an Officer of Customs; and

That the Captain of the Steamer Douglas be made an Officer of Customs also.

GEO. A. WALKEM,
Chairman.

Legislative Council Chambers,
February 8th, 1869.

A CANADIAN newspaper contains the following plaintive advertisement: "Will the gentleman who stole my melons on last Sabbath night be generous enough to return me a few of the seeds, as the melons are of a rare variety."

Music and Poetry, don't be affronted,
With such a mixture of contrarities;
But with Hume, Macaulay and Tennyson we are confronted
By Concertinas innumerable.
Distracting thought
A big pile of Fiddles—many of them are good—
But as well may we associate Jack Shepherd with Hood
Flutes, Accordeons, Fiddles disjointed,
And Valentines sweet,
Living authors and dead.
We'll soon need have recourse to Coombe on the head.
Valentines? Whew!
Missives, with such sweeping licenses granted,
The essence of sentiment s blime,
Tinsel'd representatives of love.

THE BRITISH COLONIST.

Thursday Morning, Feb. 11, 1869.

Auction Sales To-day.

J. P. DAVIES & Co.....Wharf street.....will sell at 12 o'clock, noon, valuable Real Estate.

LEGISLATIVE COUNCIL, YESTERDAY—The report of the select committee on Immigration was read. The committee hesitate to recommend a large grant under the present circumstances of the colony; they therefore consider that a limited sum be applied in the most economical manner. For instance, the sum should not exceed $3500, and that assisted passages be restricted to female domestic servants from 18 to 30 years of age; the number brought over at one time not to exceed 40. The cost of passage and the little necessaries required during the voyage are estimated at $175; of this the Government is recommended to contribute $75, the applicant $50, and the remaining $50 to be paid by instalments; the servant to be bound for two years; a board to be appointed to distribute the Government grant and receive applications for servants and the best means adapted for spreading useful information regarding this colony in Great Britain.—The Vancouver Island Reconveyance Ordinance was read a first time.—Mr Humphrey's resolution to raise the duty on horned cattle and sheep was carried.—A smart debate arose on Mr Alston's motion regarding Indian affairs, resulting in the resolution being carried.—Mr Walkem read the Reports of Committee on Drawbacks, Supplies to Ships, and Pilotage, all of which were adopted. The reports were of a favorable character, and we think them of so much importance that we reproduce them in another part of this paper.—Dr Helmcken introduced a resolution, to be referred to the Committee on Drawbacks, recommending that *all* foreign voyages be considered of not less than 40 days, in order that all foreign-going vessels of over 50 tons burthen be supplied with stores free of duty. The Drawbacks Bill was read a second time and ordered for committee on Monday.—The committee on the School Bill made some further advance, then rose, reported progress and asked leave to sit again.—Dr Helmcken asked the Chief Commissioner what information was in possession of the Government relative to the construction of a Graving Dock at Esquimalt harbor? Mr Trutch replied that the correspondence on the subject between the Executive and Imperial Government was still in progress, but he might state that it had been definitely concluded that Esquimalt was the proper site for the Dock. The Lords of the Admiralty in England had agreed to contribute out of the funds reserved for the construction of Colonial Docks £20,000 towards the construction to any company willing to undertake the task. The company that propcsed carrying out the enterprise was formed in England, but where the present stage of negotiations was he could not say. The Council then adjourned till 1 p. m. on Monday next.

'OTHELLO' was presented last evening at the Theatre, and gave entire satisfaction. The *role* of Emelia, assumed by Mrs Bates, and that of Iago, by Mr Bates, appeared to afford those present the liveliest satisfaction. The character drawn of Emelia by Shakespeare is a beautiful one, and when entrusted to so accomplished an *artiste* as Mrs Bates, it becomes still more attractive. Mr Bates' conception of the character of Iago is an admirable piece of acting—the smooth-tongued, deceitful villain being personated to perfection. Othello was ably played by Mr Thayer; Desdemona by Miss Cummings, and Cassius by Mr Fuller. For this evening the great drama of 'Love's Sacrifice' is announced.

COUNTY COURT.—This Court sat on Tuesday, Judge Pemberton presiding. A number of cases were on the docket, but only one—a suit for damages—had been partially heard, when the Judge was summoned to appear in his seat at the Council and the Court was adjourned until to-day at 11 a. m. A large number of suitors and witnesses were in attendance, who were put to serious inconvenience by the postponement. This is one of the beauties of the present system, which compels officials to act in a legislative as well as in a judicial capacity.

ANGLO-CHINESE DICTIONARY.—Doog Tye, the head of the Chinese house of Tai Soong & Co., of this city, has prepared for the press a dictionary of Chinese and English words, which he purposes to have printed in China, and which he anticipates will prove of advantage to students of both languages. The English words are accompanied by Chinese characters or figures of corresponding significance; and the book is written in a scholarly hand with a due regard to orthographical correctness.

THE annual election of the California State Telegraph Company was held recently at San Francisco, and resulted in the choice of the following Directors:—George H. Mumford, President; H. H. Haight, Vice-President; F. MacCrellish, W. C. Ralston, C. E. McLane, J. W. Dwinelle and James Gamble (Superintendent). George S. Ladd was re-elected Secretary and Treasurer.

UTSALADY.—The ships Great Pacific, Jennie Alice and bark Onward, are at Utsalady loading. The Great Pacific is taking on board lumber for Callao, and is the largest vessel that has yet been in the waters of Puget Sound. Her tonnage is 1657, and she will carry over a million feet of lumber.—*Seattle Intelligencer.*

SELLECK'S WHARF—This valuable piece of property has been purchased by Mr R. Broderick. It will serve for the accommodation of such seagoing steamships and ships as may have too great a draught of water to admit of their entering Victoria harbor.

DENTISTRY.—Persons having decayed or sensitive teeth would do well to call on Dr. Grady, Dentist, at the Colonial Hotel—office, room No. 1. The doctor comes highly recommended, and is a first-class operator. *

NEW YEAR CALLS.—The principal Chinese merchants yesterday received and hospitably entertained all acquaintances who called upon them to exchange the compliments of the season.

SAANICH ROAD—This road is represented to be in a fearful state from mud and fallen trees. For vehicles, beyond Van Allman's, it is almost impassable.

A NEW STEAMER for the Puget Sound service is in course of construction at New York for Captain Finch. It will have a tonnage of 400, and will be 180 feet in length.

THE sailing of the G S Wright for Portland was postponed yesterday until 6 o'clock this morning.

THE flagship Zealous, Captain Dawkins, will go outside for practice in a few days. The cruise will last three or four days.

THE Enterprise starts for New Westminster at 9 this morning.

THE Active sailed at 4 o'oclock on Tuesday evening for Victoria.

THE steamer W G Hunt will leave Portland on Monday evening next for Victoria.

PORTLAND is henceforth to have four steamers a month.

BENNETT, junior, is likely to have another yacht race with the English sailors.

Legislative Council.

Tuesday, Feb. 9th, 1869.

Present—Hons. Humphreys, Helmcken, Hamley, Robson, Ring, Drake, Sanders, Davie, Carrall, Alston, Bushby, Trutch, Crease, Ball, O'Reilly, Walkem, Havelock, Wood, Pemberton, Young (presiding.)

NOTICE OF MOTION.

Hon Humphreys—To move an address to his Excellency the Governor praying that the Duty on horned cattle may be raised to $5 and sheep to $1 per head.

Hon Crease—To bring in the Vancouver Island re-conveyance Ordinance.

HAREWOOD EXTENSION ORDINANCE.

Hon Ring moved for leave to bring in a bill to extend the time limited by the Extension Ordinance of 1867, for the Havewood Colliery Company Railway. The company had spent in hard cash about $20,000 for purchase of land, surveying, &c, and asked for an extension of the time to complete it.

Leave granted and the bill read a first time.

THE HEALTH BILL.

Read a third time and passed.

THE GAME BILL.

Hon Davie thought the bearings of the bill had not sufficiently occupied the attention of the House; its provisions made the possession of game *prima facie* evidence of a desire to sell or barter the same; this would cause a great deal of difficulty, particularly in view of recent discoveries at Leach River, by which men working in that quarter would be prevented from obtaining the necessary animal food to sustain them at their work, as meat could not be carried from the settled localities quick enough to prevent it spoiling. The same inconvenience would arise to persons going out on business, or on excursions, if they were not within the reach of a market. What would they do at Salt Spring Island? at such an out of the way place, they would not be able to procure food, and if driven to kill a deer some spiteful neighbor would inform on them and they would be amenable to the law. He would propose as an amendment that the bill be read that day six months.

Hon Robson—The objection raised by the hon member had some weight, but he would rather vote for the bill as it was than lose it altogether.

Hon Drake—The hon member's view of the clause was extreme, the law would not be put in force in cases such as he mentioned.

Hon Crease concurred with the last speaker and supported the third reading.

Hon Carrall—The remarks of the hon members for Victoria District carry with them the idea that the gentlemen administering the law were lacking in judgment; every law would bear straining in the same way. If some such law was not enacted the game would be exterminated and the starvation suggested by the hon member would really take place.

Hon Alston supported the bill as it stood.

Hon Walkem—Men found in possession of game would only be required to account for it. The examples required to be made would not be of men who shot the game for their own consumption.

Hon Helmcken did not think that the hon members need have any fear as to the severity of the law, as he did not think it likely to work; it was only a sheet of paper. There was a law for instance against the shooting of robins, but robins were shot and eaten. The persons it was intended to reach were persons who went out shooting and who shot turkeys and chickens in farm yards, making their shooting excursions only a cloak for robbery.

On division the amendment was lost, 13 to 2.

The bill was then read a third time and passed.

HON DRAKE'S MOTION ON THE SUPREME COURT.

Hon Ring rose to a question of order and moved that the motion of hon Drake take the precedence on the Order of the Day of the second reading of the Supreme Courts Bill.

Hon Robson seconded. The motion was carried.

The House then divided on hon Drake's motion without discussion, the ayes being 10 against 8 noes. The motion was accordingly carried.

THE SUPREME COURTS BILL.

Hon Crease explained the provisions of the bill.

Hon Drake would move an amendment. After the protracted discussions which had taken place relative to the Supreme Courts, and the consequent knowledge of the feelings of the House on the subject, he was surprised that a measure like the present should be brought forward in the present disgraceful state of things in this colony. What was required was concurred jurisdiction; they were met at the outset by being told they should have no Court of Appeal. The Attorney General was evidently ashamed to bring in the Ordinance; he had just stumbled over three or four clauses and then told them they had seen it before. The Ordinance failed in any way to provide the legislation required. If the House had power to deal with the judiciary he was sorry to see such an Ordinance brought in, instead of such a measure as the exigencies required. The Ordinance was perfectly impracticable for the purpose; he would move that it be read that day six months.

Hon Ring—The effect of passing such a bill was to continue during the life of one of the occupants of the judicial seats, the present disgraceful order of things, the one portion of the colony having a different jurisdiction from the other. It was telling them in stating that it had been sent out from the Home Government; it had been sent to them by their Commander-in-Chief; the Colonial Office was not the Governor of this colony; the bill had only been suggested by Her Majesty's advisors, and we had a right to express our own opinion. It was possible that misstatements may have influenced the Colonial Office, as he was sure if they had known that we had two Courts of law, the one conflicting with the other, such a bill would never have been sent out. The bill would have the effect of re-opening proceedings in the suits that have caused so much public dissatisfaction, and heaven knows where they will end. The only appeal was to England, and in crossing half the world they would spend more money than one third the income of this colony. No man's life or property were safe when left to the disposal of one man. When the interests of the colony were at stake, private interests must give way.

Hon Robson moved as an amendment that the bill be referred to a select committee in order that it be reconstructed in accordance with the suggestions of the hon. junior member for Victoria, and that an humble address be sent to her Majesty praying that one Supreme Court be established, and that one of the Judges be provided for elsewhere. When during two consecutive sessions the same bill had been brought before that House, it was time that every free man should assert his manhood in opposition. In the face of the fact that our grievances had been made known to the Governor and to her Majesty's Government, the same bill is brought forward again after being rejected by that House. Hon members asked for concurrent jurisdiction and a Court of Appeal. If in accordance with that bill the two judges when sitting together were of contrary opinions, who would act as umpire? They ought to have a Court of Appeal, and they must have one. There was a worm gnawing at the root of justice in his colony, and it must be eradicated. With due respect to the Home Government and to our own Government, let us take a stand that we will not pass this bill. If it was allowed to pass it would establish the evil in this colony for ever. Government members had, no doubt, been well instructed to cast a Government vote, and they were quite right in doing so; he knew the hearts of the Governor and the Government members were with them.

Hon Trutch opposed the amendment, and he did so not because he believed that it was in consonance with what his Excellency had thought best under present circumstances. Not that the bill was what we desire at this moment, but because it was the best practical solution of the difficulties that the colony labors under, and would bring about a settlement of the jurisdiction of the two Supreme Courts. He did not see the object of running madly at a conclusion when we had not the power to achieve it. We had two Chief Justices, and as long as that state of things existed it seemed impossible to his mind that we could do anything better until we got rid of one or other of them. All that had been said that day had been said last year, and at that time they had thought it expedient to discard the advice he had then offered, and had passed the bill which was not assented to. He advised gentlemen to pass this bill; had he thought that any other course was open to them he would have advised it. He hoped, however, that one of the Chief Justices would be removed. If gentlemen determined on opposition they must take the responsibility of deferring the measure, as such responsibility would not rest with Government members.

Hon Walkem was glad when he heard the speech made by the hon introducer of the bill, who had used the strongest arguments in his power in its favor. If the hon. Chief Commissioner had recollected what he had said last year he would not have spoken as he had done. The bill then passed was carried by a very large majority. The present bill did not meet with the requirements of the colony except in one respect—it legalised the proceedings taken in either colony where there had previously been no jurisdiction. They could understand how lame the measure was when it was found necessary to introduce two clauses which bore on their face illegality, as it strictly confined the different courts to separate jurisdictions the same as before the Union. There was no solution of existing difficulties; in passing the present bill they only perpetuated the mischief. The bill was not worth the paper it was written on so far as the public interests were concerned.

Hon Wood would only remark in reply to the words of the hon Chief Commissioner, who said that the passing of this bill would speedily lead to the accomplishment of what was required. Would not the document bear on its face the statement that it had been passed with the advice and consent of the Legislative Council? If he could think that it would not be taken as an expression of their opinions—that the Council could not become parties to the measure—he might be induced to consent to such a present sacrifice of opinion; but when they were asked to pass a bill against which they had the greatest possible objection, they could not take that view of the matter, as the Legislative Council can hardly see that the Act does anything except leaving matters as they are. How could we ask the Colonial Office to assist us in undoing what we have done, perfectly aware of our having done so improperly? They would not do it. We have to consider whether the Home Government was prepared to relieve us of one of the two Chief Justices, as only those appointments in intemperate climates offered any advance in emolument, and gentlemen of attainments could not be expected to face such conditions, particularly when they had made their homes amongst us. It would not be fair to other colonies such as our own to ask them to accept of gentlemen who had been rejected here. Hon members must consider whether we should be justified in delivering ourselves over bound hand and foot into the hands of the Colonial Office. He doubted very much, with the experience they had had, if it would be advisable. The safest course would be to frame an Ordinance in accordance with the resolutions they had adopted, and he did not think it would outrage the feelings of the authorities at home; he thought it was the only course, unless they desired to stultify themselves. There was no injury intended to either of the gentlemen who now occupied the Judicial seats of this colony; but it would have the effect of rendering their Courts more pure, honorable and effective.

Hon Carrall thought it was in bad taste for the Government to bring in the bill by the back door. When the measure was presented last year it called forth the almost unanimous disgust of the whole Assembly. The Bill secured no Appeal, in fact it was perfectly ridiculous. It was unjust to allow of acts such as those recounted in that Council to be perpetrated in the Colony. He was sorry the Chief Commissioner had not said he was forced to vote in favor of the Bill, as that would have absolved him from blame. After the protracted discussion that had taken place in that House, it was very cool to ask them to vote for such a Bill in order to throw a legal garb over the present state of things. He advocated utilizing the judges as we had them, but neutralize their power for mischief.

Hon Alston—After what they had heard of the acts imputed to the judges, all doubts should be set at rest. He believed the Council could not alter the jurisdiction at least of the Court of Vancouver Island; he believed the judges would pay attention to an Ordinance emanating from the Home Government and might not do so with an Ordinance on the authority of that House. If they did not accept the present Bill a year might elapse before any action could be taken in the matter, whereas by this measure the two judges would be acting together. The opinions of hon members were much diversified, some would have the two judges, some only one; this Bill provides for one Supreme Court. The Court of Appeal might be very good, but larger colonies than this had no Court of Appeal. The Executive was in a better position to judge than they were.

Hon Helmcken would vote for the amendment because it would bring the subject before the notice of Her Majesty's Government. He could not see why our courts were compared with those in England, because the courts there had control over the whole country, whilst here they had only control over a part. He was not so much in favor of concurrent jurisdiction as of one Supreme Court. There were causes, such as those in Bankruptcy, in which the Bankrupt might have property in both parts of the Colony. The Bill was the old Bill, and it was a little singular that all the people at his end of the table were arrayed against all the people at the other end; they held themselves hideously distinct. He believed that the Governor must have been advised by the members of the Executive; if the reasons which they possibly had for bringing the measure forward had been given to the House, the Bill might have passed. He had asked for papers connected with this subject some time ago, but they had never been produced. He must suppose the Government was in possession of information of which the House knew nothing, and therefore thought differently from what they did. They were told by the Chief Commissioner that Her Majesty's Government would never give their assent to a measure passed by that Council; he was of opinion that the views of that Council would have more effect than those expressed by the Executive Council; it was a false position which he (the Chief Commissioner) assumed when he said that a Council formed by their own Government would not be listened to. Her Majesty's Government had acted in the way they had done because they were ignorant of the circumstances. In the Bill which the hon members proposed to bring forward he trusted they would insert no suspending clause; he did not desire that either of the Judges should be suspended. Circumstances had taken place which exonerated him from any feeling in favor of either of them and if either of them did not like to work under the new Bill about to be proposed, he could receive his pay without doing anything. Rather than pass the Bill before them he would let the existing state of things go on as they were, for he felt sure if the Judges continued to act as they were doing, the Home Government would soon dispense with their services, and the Colony would save their pensions, and he trusted that what had passed in that Council would cause them to act better for the future. The personal feelings of judges must not be allowed to interfere with public business.

Hon Crease—The course proposed was not one that was likely to act properly, and he failed to see how they would carry out concurrent jurisdiction; as the Courts were at present constituted, it would only exaggerate evils and bring them in conflict. Feelings should not be allowed to run away with reason. He did not expect to change a single vote, but he could not conceive how hon members had fallen into a decision without forming an idea as to how the object was to be carried out. He considered we had full power. The Judges know well that if that Bill was passed the refusal to act under it would be equivalent to resignation; they would never place themselves in antagonism with the Government and would be more effective than the measure proposed by hon members. He would ask hon members to vote for the Bill before the House. No one felt the difficulties of the present state of things more keenly than himself, but he really and sincerely felt that the present measure was the speediest way of accomplishing what was required. He did all honor to the votes which he was sure would be cast in accordance with convictions, but he asked them to consider whether it was not better to secure their object by this mode than to allow themselves to be carried away by their feelings. He felt anxious about the vote because it would peril the measure and prolong the troubles which we labor under. The Government could only act in one way at present; has the Government not acceded to all that the House desired? Has the Government not done everything possible in the case? He had given expression to every sentiment he had expressed when the Bill was previously before the House.

Hon Davie did not vote from the effects of any outside influence. He had the advantage of learning the evil consequences of the existing state of things in his own family, besides what he had ascertained from others in a position to know. He did not think that any measure not creating a Court of Appeal would be satisfactory to the people of this Colony.

Hon Drake—If the hon Attorney General had afforded the House the satisfaction of knowing the reason which he doubtless possessed for pressing this bill on the Council, it would have had due weight; but he could not expect them to act on his mere dictum. They had no papers—not an atom of evidence before them, and they could only act on their information. The hon Attorney General had told them that passing that bill would be the speediest way to attain their ends; but he did not tell them on what foundation that assertion was made—and he thought there could have been no harm in conveying the information to the House. He was under the impression that Her Majesty's Government had not been informed of the true state of the case, or the dispatch would never have been written. We should, like the Courts in England, have concurrent jurisdiction. The Attorney General had adduced no arguments of sufficient weight; and it was impossible to carry the votes of this House under such circumstances. He would willingly take the present bill, if by that means he could secure concurrent jurisdiction; put the bill simply continued the present position of affairs. The hon Mr Alston had said that the Judges would pay more respect to this bill than one not sent from home; he conceived that to be a slur on the House. They were informed that the Governor had been informed of all the arguments made use of by hon members; in the absence of all information or correspondence on the subject, he could not believe the matter had been properly laid before the Home Government, and he thought, in adopting the resolutions, an Ordinance would be sent out more in conformity with the desires of the Colonists.

Hon Helmcken remembered that when the Constitution of the Courts had been prepared, it was laid before the Council at the time, hence could not be an Imperial Act.

Hon Pemberton said the differences were so small between the two parties that he thought alterations might be made in Committee that would enable them to agree upon a measure that would suit all parties.

Hon Young had not intended to make any remarks on the subject; but he thought they had overlooked the passage in his Excellency's opening speech, in which he points out that, until one of the Judges could be provided for, the present state of things must continue. He conceived it to be entirely their own fault that no amelioration had taken place; as, if they had acted on the advice tendered them last session, a bill might have been passed, and they would now have been possessed of all they desired.

On a division, the amendment was carried—ayes, 10, noes, 9.

Hon Trutch said the President has two votes, and he would recommend him to avail himself of that privilege.

Hon Young—The amendment is carried.

THE SCHOOL BILL

was taken up in Committee of the Whole, hon Ball in the Chair.

Clauses 1 and 2 being postponed, hon Helmcken read a number of amendments which he proposed in lieu of Clause 3.

Hon Wood opposed the amendments so far as regarded a Central Board, which he thought could be easily found amongst parents who took an interest in education.

Hon Havelock opposed the same portion of the Amendments, because, if the Governor and Council did not work, the people had no remedy; but members of the Central Board, if unsuitable, could be removed.

Hon Young supported the portion of the Amendment that substituted the Governor in Council for the Central Board, as the duties would be cheaply performed, and the funds carefully distributed.

The portions of the Amendment by which the Governor in Council was to perform the functions of a Central Board, were then carried.

The Committee rose, reported progress, and asked leave to sit again.

THE ANATOMY BILL.

In the absence of hon Carrall, hon Helmcken moved the second reading; upon which, hon Robson moved that the bill be read that day six months.

On a division, the amendment was lost.

The bill was then read a second time. Committal fixed for Monday next.

The Council then adjourned till 1 p.m., tomorrow.

REAL ESTATE.

Peremptory Sale.

THIS DAY

J. P. DAVIES & Co. are instructed to sell, by Public Auction, at their Salesrooms, Wharf street, on Thursday, 11th day of February, 1869, at 12 o'clock a. m., by **Order and for Account of the Mortgagee,** All that certain piece or parcel of Land in the city of Victoria, B. C., and known on the Official Map of the same as Section (22) Twenty-two, being subdivision of the Spring Ridge Property, situated at the head of Johnson street, and containing one acre and fifty-two (52 x 100) one hundredth part of an acre (be the same more or less), together with all the improvements thereon, comprising in part: The large Two Story hard-finished, lathed and plastered Dwelling House, surrounded with Verandah and Balcony. On the ground floor there are four (4) good-sized rooms, with handsome grates and brick chimneys, large hall and kitchen. The upper story has (2) two bed rooms and one store room; in the rear of the same is a servants' room. Also a never-failing well of pure Spring water and large tank, which is connected with the dwelling by pipes and taps, and supplied at all seasons of the year by a large force pump. The Residence has a commanding view of the City and surrounding scenery. The whole of this valuable property is enclosed by a first class fence, and is rented monthly at a very low rental of (12) twelve dollars per month, and is Insured up to December 19th, 1869, for $1500.

TERMS—One-third cash, to be paid as soon as sold, One-third at 12 months, One-third 24 months, with interest on the same at 1 per cent per month; deferred payments to be secured by Mortgage on the property. Acts of Sale at buyer's expense.

ALSO, the full sized Town Lot No. 315, in Block 11, situated on Yates street between Blanchard and Quadra, together with the two [2] story eleven roomed Dwelling House, known as Buckley's Boarding House, and Ball Court adjoining, Out Houses in the rear, and a never failing well of water. The ceilings are plastered and brick chimnies with grates to the dwelling.

Same Terms as the property above.

ALSO, the full sized Town Lot No. 1200, in block 28, situated and fronting on Collinson and McClure streets, together with the cottage dwelling thereon, having 3 rooms, kitchen and brick chimnies.

TERMS—One-third cash, to be paid as soon as sold; the balance at 3 and 6 months with interest at 1 per cent per month. Deeds and Mortgages, if any, at the purchaser's expense.

Titles Satisfactory or no Sale.

For full particulars and inspection of the Deeds apply to J. B. Timmerman, Esq., Fort street.

fe4 J. P. DAVIES, Auctioneer.

Medical.

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD,

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

OAKLAND, Ind., 6th June, 1859.

J. C. AYER & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from anything. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully, Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Eruptions* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan, of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre* — a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes: "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and some where the complaint was caused by *ulceration* of the *uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes: "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

NEW ORLEANS, 25th August, 1859.

DR. J. C. AYER: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla steadily taken cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla; the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

INDEPENDENCE, Preston Co., Va., 6th July, 1859.

DR. J. C. AYER: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried everything, and everything failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and anything you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to made a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects — some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass.

Coughs, Colds, Rheumatism, Diarrhœa, Dysentery, and Fever.

THE "TIMES," OF INDIA, STATES "that the discovery of Dr. J. COLLIS BROWNE'S CHLORODYNE is a greater bles ing to the human race than even the discovery of Vaccination." This remedy is invaluable in the above diseases, and is indispen able to Emigrants, Travellers, and families, a few doses being generally sufficient.

DR. J. COLLIS BROWNE'S CHLORODYNE.—The Right Hon. Earl Russell communicated to the College of Physicians and J. T. Davenport, that he had received information to the effect that the only remedy of any service in Cholera was Chlorodyne.—See "Lancet," December 31, 1864.

DR. J. COLLIS BROWNE'S CHLORODYNE.—Extract from "Medical Times," January 12, 1866—"Is prescribed by scores of orthodox medical practitioners. Of course it would not be thus singularly popular did it not 'supply a want and fill a place.'"

DR. J. COLLIS BROWNE'S CHLORODYNE is the best and most certain remedy in Coughs, Colds, Asthma, Consumption, Neuralgia, Rheumatism, etc.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay. "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

It is necessary to warn the public against spurious imitations, which only bear the pirated name, and are deficient of the true properties of the only genuine, viz: DR. J. COLLIS BROWNE'S, as was proved before Vice-Chancellor Sir W. P. Wood, in the Court of Chancery, in case Browne vs. Freeman, when the Vice-Chancellor stated that the story of Freeman being the Inventor was DELIBERATELY UNTRUE.

Sold in Bottles, 1s. 1½d., 2s. 9d., 4s. 6d., and 11s., by the Sole Manufacturer, J. T. DAVENPORT, 33, Great Russell Street, Bloomsbury, London. ja18 1aw

LOST,

ON PANDORA STREET, ON Friday last, a Brown Retriever Dog, about four months old, little white on the breast, long curly ears. Any one bringing the same to Mr Robert Ridley, on Fisgard street, first house northeast of Government street, will be suitably rewarded. fe2 tf

Miscellaneous.

ROYAL AGRICULTURAL SOCIETY OF ENGLAND.

LEICESTER MEETING, 1868.

UNPRECEDENTED SUCCESS

THE FOLLOWING PRIZES WERE REWARDED TO

J. & F. HOWARD,

Britannia Iron Works, Bedford,

The First Prize for the Best Wheel Plough for General Purposes.
The First Prize for the Best Wheel Plough for Light Land
The First Prize for the Best Swing Plough for General Purposes.
The First Prize for the Best Swing Plough for Light Land
The First Prize for the Best Subsoil Plough.
The First Prize for the Best Harrows for Horse Power.
The First and Only Prize for the Best Steam Cultivating Apparatus for Farms of moderate size
The First and Only Prize for the Best 5-tined Steam Cultivator.
The First and Only Prize for the Best Steam Harro
The First and Only Prize for the Best Steam Windlass.
The Silver Medal for their Patent Safety Boiler.

J. & F. HOWARD thus received

TEN FIRST PRIZES. ONE SECOND PRIZE AND A SILVER MEDAL.

Carrying off almost every Prize for which they competed and this after trials the most severe and prolonged ever known. oc2

The California Dry Dock Co., SAN FRANCISCO, CAL., U. S.

Notice to Shipowners, Agents, Consignees and Masters.

THE COMPANY'S DRY DOCKS, situate at HUNTER'S POINT, SAN FRANCISCO, are now Completed and in Successful Operation, and afford every facility for the Docking and Repair of all Classes of STEAM and SAILING VESSELS. The GRAVING DOCK, excavated on the Solid Rock, and finished in the most substantial manner, is of the following dimensions: Extreme length, 450 feet; length on blocks, 416 feet; width at the top, 120 feet; depth, 30 feet; width at entrance 40 feet. At mean high tide will take in a ship drawing 22 feet without lightening.

This Dock is fitted with a Caisson Gate, and is supplied with Two Powerful Centrifugal Steam Pumps, capable of pumping out the Dock in two hours.

The FLOATING DRY DOCK will receive Vessels of 1500 tons measurement and under. The Dock is 82 feet in width, and 210 feet in length; is built of the Soundest Oregon Pine, thoroughly braced and bolted, and is furnished with all the requisites for Docking a Ship successfully. Vessels taken up at all stages of the tide.

The Company feel warranted in stating that Repairs on Vessels can be made as advantageously in San Francisco in respect to Cost of Materials and Labor as in any other part of the world.

For Particulars, address,

JAMES POLLOCK, Superintendent,
no25 6m San Francisco, California, U. S.

CURES AND COMFORT FOR THE BED-RIDDEN.

—BY—

Holloway's Ointment.

THIS wonderful Ointment acts like magic in relieving curing old sores, wounds, bad legs, ulcers and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures It heals by cleansing all animal fluids with which it comes in contact, and thereby promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible specifics.

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

This class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds and Bronchitis, this treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway Ointment, assisted by his celebrated Pills, which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained

Dropsical Swellings.

Beware of this dangerous and stealthy complaint which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach, therefore set to work earnestly by taking Holloway's famous Pills according to the printed instructions and rubbing the Ointment very effectively over the pit of the stomach and right side where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the knowledge of the most intimate friends. Persons suffer for years from Piles and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone

Disorders of the Kidneys, Stone and Gravel

Are immediately relieved and ultimately cured if this Ointment be well rubbed twice a day, into the small of the back, over the regions of the kidneys to which it will gradually penetrate and in almost every case give immediate relief; but perseverance will be necessary to effect a thorough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Cancers,	Scalds,
Bad Breasts,	Contracted and Stiff Joints,	Sore Nipples,
Burns,		Sore Throats,
Bunions	Elephantiasis,	Skin Diseases
Bite of Moschetos and Sand Flies,	Fistulas,	Scurvy,
	Gout,	Sore Heads,
Coco-bay,	Glandular Swellings,	Tumours,
Chiego-foot,		Ulcers,
Chilblains,	Lumbago,	Wounds,
Chapped Hands,	Piles,	Yaws,
Corns, (Soft)	Rheumatism,	

Sold at the establishment of PROFESSOR HOLLOWAY 244 Strand, (near Temple Bar,) London; and by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices; 1s 1½d, 2s 9d, 4s 6d, 11s, 22s, and 33s each Pot.

TO THE UNFORTUNATE

NEW REMEDIES, NEW REMEDIES.

Dr Gibbon's Dispensary,

616 KEARNEY STREET, NEAR Commercial, San Francisco, Established in 1854, for the treatment of Sexual and Seminal Diseases, such as Gonorrhea, Gleet, Stricture, Syphilis, in all its forms, Seminal Weakness, Impotency, etc. Skin Diseases (of years standing) and Ulcerations successfully treated.

DR. GIBBON has the pleasure of announcing that he has returned to this State, after an absence of one year during which time he visited all the principal Hospitals of Europe, among them those of Dublin, London and Paris. The following celebrated Hospitals of London are amongst those visited by the Doctor: Guy's, High street, Borough; St. Bartholomew's, Smithfield, St. Luke's, Old street, St. Mary's, Camb. Place, Pad.; Lock, Harrow Road; University, Gower street; Westminster, Broad Sanctuary; Charing Cross, Agar street, Strand; London, Whitechapel Road; Royal Free, Gray's Inn Road; King's College, Portugal street.

DR. GIBBON has spared neither time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering.

Horrible Diseases.

How many thousands of persons, both male and female are there who are suffering out a miserable existence from the effects of secret indulgences, or from virus absorbed into the system. Look at their pallid, emaciated and disfigured faces, and their broken down constitutions, disqualifying them from the happiness of marriage or of the enjoyment of life. In this horrid situation thousands suffer until death closes the scene. Let parents, guardians, friends, attend to those who are suffering with any of these horrible, life-destroying maladies—see that they are cared for, and cured before it be too late. Send them immediately to DR. GIBBON, a physician who has made private diseases his especial study for years, who is certain to cure the most inveterate cases without mercury or any injurious drugs. It is important to those afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended Doctors who infest all cities, publishing their skill in curing all diseases in a few days, imposing upon the public by using the names of eminent physicians from Europe and other places. Be therefore careful, and make strict inquiry, or you may fall into the hands of those charlatans.

Seminal Weakness.

Seminal Emission the consequence of self-abuse. This solitary vice, or depraved sexual indulgence, is practised by the youth of both sexes to an almost unlimited extent, producing, with unerring certainty, the following train of morbid symptoms, unless combatted by scientific medical measures, viz.: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, a disposition to shun society, loss of memory, hectic flushes; pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, should apply immediately, either in person or by letter, and have a cure effected by his new and scientific mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G. will give One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco quacks.

MARRIED MEN.

Of those who contemplate marriage, who are suffering under any of these fearful maladies, should not forget the sacred responsibility resting upon them nor delay to obtain immediate relief.

DR GIBBON is responsible, and will give to each patient a written instrument, binding himself to effect a radical and permanent cure, or make no charge.

Cured at Home.

Persons at a distance may be CURED AT HOME, by addressing a letter to Dr Gibbon stating case, symptoms, length of time the disease has continued, and have medicine promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use By enclosing $15 in currency or $10 in coin, in a registered letter through the Post office or through Wells Fargo & Co., a package of medicine will be forwarded by express to any part of the Pacific Coast.

Address Dr J. F. Gibbon, 616 Kearney street, corner Commercial, San Francisco.—Post office box 252.

Remember to put BOX 252 on the letter.

Consultations FREE.

☞ Correspondents will please inform Dr Gibbon that they read his advertisement in the British Colonist.

Medical.

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of all its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance and restore its normal and natural power to every organ, without inconvenience, pain or any other drawback

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful as to astonish every one. Its pre-eminence as a remedy for billious and liver complaints and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive, that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation protected, so that both physical and moral energy are increased

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach regularity to the secretions, and purity to the fluids. Vertical dimness of sight and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine

The Female's Best Friend

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy While the Pills act upon the blood, which they purify, the ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthmas has appeared these Pills may be relied on as a certain and never failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion—Billious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Female Irregularities	Scrofula King Evil
Stomach		
Bilious Complaints	Fevers of all kinds	Sore Throats
Blotches on the Skin	Fits	Stone and Gravel
	Gout	Secondary Symptoms
Bowel Complaints	Headache	
Colic	Indigestion	Tic-Douloureux
Constipation the Bowels	Inflammation	Tumours
	Jaundice	Ulcers
Consumption	Liver Complaints	Venereal Affections
Debility	Lumbago	
Dropsy	Piles	Worms of all kinds
Dysentery	Rheumatism	Weakness, from
Erysipelas	Retention of Urine	whatever cause
&c	&c	&c

EXTRAORDINARY CURE OF A COUGH.

The following letter has been received from WILLIAM BOARDS, Esq, an extensive agriculturist and land agent, residing at Edmonton, Middlesex:—

"Nightingale Hall, Edmonton.

"Dear Sir,—I have recently suffered much from a most violent cough, proceeding from a tickling in my chest which no remedy, out of many I resorted to, could allay. My head was constantly aching, and my whole frame entirely shaken Having seen the good effects of your Balsam of Aniseed in several members of my family, I purchased a small bottle, and, when going to bed at night, took a teaspoonful in two tablespoonfuls of water, just warm. The effect was immediate; it arrested the tickling in my chest, I slept well and arose perfectly restored in the morning, with the exception of debility, arising from fatigue by incessant coughing for some days previous. My cough entirely left me, and has never returned Having since heard of a lady in the neighborhood who for a long time had laboured under a most distressing cough, and who had resorted to every remedy within her knowledge, I sent the remainder of the bottle to her, and that long-standing, obstinate, and (as she thought) incurable cough, was perfectly cured. You are at perfect liberty to make what use you may please of this communication, as the contents are strictly true I shall take every opportunity of recommending your inestimable medicine, feeling as I do fully assured of its efficacy.

"I am, dear Sir, yours very truly,
"WM. BOARDS.

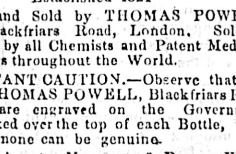

"To Mr. Thos. Powell.

POWELL'S BALSAM OF ANISEED,

For Coughs, Colds, Influenza, Shortness of Breath, Asthma, Bronchitis, and for all affections of the Lungs, this old established remedy will be found invaluable.

The large sales and increased demand for this excellent and elegant preparation, which has followed its introduction into Australia, New Zealand and nearly all the British Colonies, has induced the Proprietor to still further extend the beneficial results of its use; and he begs to announce that he is now introducing its sale into Victoria, B. C., and has appointed Messrs Millard and Beedy, Wharf Street, Victoria, Wholesale Agents, through whom Chemists and Storekeepers can obtain their supply.

The Price is within the means of all classes.

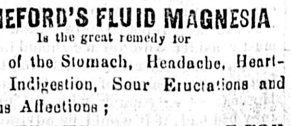

Established 1824

Prepared and Sold by THOMAS POWELL, 16, Blackfriars Road, London. Sold in bottles, by all Chemists and Patent Medicine Vendors throughout the World.

IMPORTANT CAUTION.—Observe that the Words, "THOMAS POWELL, Blackfriars Road London," are engraved on the Government Stamp affixed over the top of each Bottle, without which, none can be genuine.

Wholesale Agents, MILLARD & BEEDY, Wharf Street, Victoria, B. C. oc1 26t s

Medical.

French Medicines,

PREPARED BY

GRIMAULT & CO.

Chemists to H.I.P. Prince Napoleon

PARIS.

THESE different medicines represent the most recent medical discoveries, founded on the principles of Chemistry and Therapeutics. They must not be confounded with secret or quack medicines, as their names sufficiently indicate their composition; a circumstance which has caused them to be appreciated and prescribed by the Faculty in the whole world. They widely differ from those numerous medicines advertised in the public papers as able to cure every possible disease, as they are applicable only to but a very few complaints. The most stringent laws exist in France with regard to the sale of medical preparations, and only those which have undergone an examination by the **Academy of Medicine** and have been proved efficacious, either in the hospitals or in the practice of the first medical men, are authorised by the Government. This fact must be a guarantee for the excellence of **Messrs. Grimault et Co.'s** Medicines.

NO MORE COD LIVER OIL!

Grimault's Syrup of Iodized Horse Radish.

This medicine has been administered with the utmost success in the Hospitals of Paris. It is a perfect substitute for Cod Liver Oil and has been found most beneficial in **Diseases of the Chest, Scrofula, Lymphatic Disorders, Green Sickness, Muscular Atony, and Loss of Appetite.** It regenerates the constitution in purifying the blood, it being the most powerful depurgative known. It has also been applied with happy results in **Diseases of the Skin.** Further, it will be found to be of great benefit to young children subject to **Humors and Obstructions of the Glands.**

CONSUMPTION CURED!

Grimault's Syrup of Hypophosphite of Lime.

This new medicine is considered to be a sovereign remedy in case of **Phthisis** and other **Diseases of the Lungs.** It promptly removes the most serious symptoms. The cough is relieved, night perspirations cease and the patient is rapidly restored to health.

N.B.—Be sure to see that the signature of **Grimault & Co.** is affixed to the bottle, as this Syrup is liable to imitations.

NO MORE DIFFICULT OR PAINFUL DIGESTION!

DR BURIN DU BUISSON'S

(Laureate of the Paris Imperial Academy of Medicine

DIGESTIVE LOZENGES

This delicious preparation is always prescribed by the most reputed medical men in France in cases of derangements of the digestive organs, such as

Gastritis,
Gastralgia,
Long and Laborious Digestion,
Wind in the Stomach and Bowels,
Emaciation,
Jaundice, and
Complaints of the Liver & Loins

NERVOUS HEADACHE, NEURALGIA, DIARRHŒA, DYSENTERY,

INSTANTLY CURED BY

Grimault's Guarana.

This vegetable substance, which grows in the Brazils has been employed since time immemorial to cure **Inflammation of the Bowels.** It has proved to be of the greatest service in cases of **Cholera,** as it is a preventive and a cure in cases of Diarrhœa.

NO MORE COPAIBA OR CUBEBS!

Grimault's Capsules and Liquid Extract of Matico Vegitalis.

Where all other preparations have failed these preparations will always effect a cure. These insure rapid and extraordinary cure of severe recent and chronic cases of private diseases. They are used in the hospitals of Paris by the celebrated Dr Ricard, and found greatly superior to all hitherto known mineral remedies and Copabia and Cubebs. The injection is used in recent, and capsules in more chronic cases.

GENERAL DEPOTS:

In Victoria—Messrs. LANGLEY & CO.

In Paris—At Grimault & Co.'s 45 Rue Richelieu.

ja15 1y

Medical.

Ayer's CATHARTIC PILLS.

Are you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you, and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering, and disease. While in this condition, oppressed by the derangements, take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well-known public persons:

From a Forwarding Merchant of St. Louis, Feb 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her. ASA MORGRIDGE.

As a Family Physic.

From Dr. E W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on that effectual cathartic in my daily contest with disease, and believing, as I do, that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. Sir: I have been repeatedly cured of the worst *headache* anybody can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE.
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR, Washington, D. C, 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends.

Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.* JOHN G. MEACHAM, M. D

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it, for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse* the *stomach* and *expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, Savannah, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec., 1855.

DR AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that has afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

Prepared by Dr. J. C. AYER & Co., Lowell, Mass.
